- g. E-mail can be intercepted, altered, forwarded, or used without authorization or detection.

- a. All e-mails to or from the patient concerning diagnosis or treatment will be printed out and made part of the patient's medical record. - b. Foot Health Center, LLC may forward e-mails internally to Foot Health Center's staff and agents as necessary for diagnosis, treatment, reimbursement, and other handling. Foot Health

Center, LLC will not, however, forward e-mails to independent third parties without the patient's prior written consent, except as authorized or required by law.

- c. Although Foot Health Center, LLC will endeavor to read and respond promptly to e-mail from the patient, Foot Health Center, LLC cannot guarantee that any particular e-mail will be read and responded to within any particular period of time. Thus, the patient shall not use e-mail for medical emergencies or other time-sensitive matters.
- d. If the patient's e-mail requires or invites a response from Foot Health Center, LLC, and the patient has not received a response within a reasonable time period, it is the patient's responsibility to follow up to determine whether the intended recipient received the e-mail and when the recipient will respond.
- e. The patient should not use e-mail for communication regarding sensitive medical information, such as information regarding sexually transmitted diseases, AIDS/HIV, mental health, issues of abuse, developmental disability, or substance abuse.
- f. The patient is responsible for informing Foot Health Center, LLC of any types of information the patient does not want to be sent by e-mail, in addition to those set out in (e) above.
- g. The patient is responsible for protecting his/her password or other means of access to e-mail. Foot Health Center, LLC is not liable for breaches of confidentiality caused by the patient or any third party.
- h. Foot Health Center, LLC shall not engage in e-mail communication that is unlawful, such as unlawfully practicing medicine across state lines.
